About our resources We

create a range of resources for local councils, charities and other organisations engaging with voters. Use these resources on your social media channels to raise awareness about democracy, from voter registration to voting options. The resources are in a variety of formats, so you can choose the best option for your audience. There are social media graphics and template posts, as well as posters that you can print, and template press releases. Some of the resources include dates and deadlines, and we update them each time there's an election. If you have any questions, you can get in touch with us: [partners@electoralcommission.org.uk](mailto:partners@electoralcommission.org.uk)

**Download the resources - part 1** resources Voters in England, Scotland and Wales are required to show photo ID to vote in some elections.
