Dear [REDACTED]

Our Ref: FOI 114/16

Thank you for your request under the Freedom of Information Act 2000 dated 27th June 2016.

The Commission aims to respond to requests for information promptly and has done so within the statutory timeframe of twenty working days.

Your request is in bold below followed by our response.

You have requested:

Under the Freedom of Information Act 2000, please provide me with the following information for each polling station. 1) Number of registered voters 2) number of votes for leave, number of votes for remain 3) overall ballots cast for each polling station, with the post code of the polling station given.

Our response is as follows:

The Commission does not hold data on registered electorate or votes cast at polling station level. We only hold data at counting area level (mainly local authority plus Northern Ireland and Gibraltar) and have published that on our website here:
