Overview of what we publish and when

We set out what our goals and priorities are, and how we're going to achieve them, in our corporate plan and business plans. Our corporate plan lasts for five years, and our business plan lasts for one year. The plans follow the same timing as our financial year. This means they start in April, and end in March. Equality and diversity is important to us and what we do. We set out what we do now, and what we want to achieve in the future.
