Greater London Authority elections: Forms and declarations  
Caveat wording for subscriber changes The UK government has laid legislation to reduce the number of subscribers that are required by each candidate for elections taking place on 6 May 2021. We will be updating the guidance and resources on this page accordingly and will make an announcement in our EA Bulletin when the updated guidance is available. In the meantime we have temporarily removed the nomination forms from our website and updated forms will be available once the legislation is made.
